Greetings,

We are a Wall Street-based Pre-IPO fund that sells stock in late stage multi-billion dollar companies (AirBNB, SpaceX, Pinterest, etc.) to accredited investors. We recently opened an office in downtown Boca Raton and are looking to expand our footprint in the surrounding area. We pay a 10% fee on money raised and another 10% of the back-end profit of the trade. Our highest producing agents make several hundred thousand a year with satellite office owners taking home in excess of over a million. If you're looking to start another division within your sales office or if you would just like to transition into a new industry, please feel free to give me a call or send me an email. We will provide your office with all of the support and training that you need to position you for continuous success.

Greetings,

We are a Wall Street-based Pre-IPO fund that sells stock in late stage multi-billion dollar companies (AirBNB, SpaceX, Pinterest, etc.) to accredited investors. We recently opened an office in downtown Boca Raton and are looking to expand our footprint in the surrounding area. We pay a 15% fee on money raised and another 10% of the back-end profit of the trade. Our highest producing agents make several hundred thousand a year with satellite office owners taking home in excess of over a million. If you're looking to start another division within your sales office or if you would just like to transition into a new industry, please feel free to give me a call or send me an email. **We have a former MCA group in a satellite office up in NY that successfully made the transition to private equity.** And we're close enough to your office to be able to provide you with initial and ongoing onsite training.

Even if you only put one or two of your guys on it to start, I guarantee you that doing MCA will lose its luster.
